INFORMATION FOR SCHOOLS ABOUT THE INTERNATIONAL CHARITY RUN OF ABAANA UGANDA E. V.

Thank you for your interest in organizing a charity run at your school! Charity runs are fun, they strengthen the school community and offer students the opportunity to become active and socially engaged. Below you will find all the necessary information and forms for students and parents.

WHAT IS IT ABOUT?

Every year, the non-profit organization Abaana Uganda e.V. organizes a decentralized charity run to support the Ugandan children's home "Purpose Uganda Babies Home". For one week, anyone worldwide can collect kilometers by running or cycling and have these kilometers sponsored. At the end, Abaana Uganda e.V. will issue a certificate for the participants. Of course, there will be a donation receipt for the money donated.

HOW CAN STUDENTS PARTICIPATE?

First of all, it is possible for the school to organize the run centrally and have it take place on the school premises for one or more days. However, the charity run can also be conducted on a decentralized basis. In this case, the school advertises the charity run and integrates it into its lessons but the participants run outside of class time and collect kilometers on their own.

In preparation, students look for sponsors for their run on their own. We find such runs very interesting for companies although parents, grandparents, siblings, aunts or uncles are also suitable for this. For this purpose, there are sponsor sheets that can be used to search for donors in advance. With the help of a running card, students can record and collect the kilometers they have run. These can be easily determined using a tracking app or by running laps of a specified racecourse. The results are then communicated to the sponsors and using the sponsor sheet, the corresponding amount can then be transferred to Abaana Uganda.

Abaana Uganda e.V. issues digital donation certificates for the participants. To receive these, participants must submit their personal data and kilometers run via an online form. We will also be happy to send you donation certificates, which the school can then fill out and hand over.

Furthermore, pictures and information of the action can be transmitted to Abaana Uganda e.V. (info@abaana-uganda.com), this is shared on our website and social media only with the explicit consent of the parent or guardian or the school.

ABOUT THE ASSOCIATION IN GERMANY

Abaana Uganda e.V. is a small, non-profit association with members and volunteers all over Germany and Uganda with an annual donation of about 35.000 Euro. Since 2009, there is a cooperation with the organization "Purpose Uganda Babies Home" in Entebbe, Uganda. The work on site is supported financially together with an established circle of donors in Germany and supported idealistically through various activities, such as participation in fundraising runs, arranging internships, pen pal projects, educational sponsorships among others.

ABOUT THE ORGANIZATION IN UGANDA

Founded in 2009, the NGO (non-governmental organization) "Purpose Uganda Babies Home" is a children's home in Uganda that provides a refuge for neglected and orphaned children. Where possible, the children are reintegrated into their families by a social worker. At the same time, access to education is guaranteed with a school of their own, thereby investing in a self-determined future for the children. As a charitable project, Purpose Uganda Babies Home is solely dependent on donations, but these are reduced by income-generating measures, e.g. through agriculture or a guest house.

TRANSCONTINENTAL COOPERATION

A partnership of equals is the most important principle of the cooperation between the German association and the Ugandan organization. Decisions are therefore always made in Uganda. Mutual understanding, trust and friendship are the pillars on which this long lasting cooperation is based. Together they contribute to a fair and mutual exchange between the Global North and Global South by teaching intercultural skills and most importantly avoiding stereotyping. The common goal is to pave the way for a self-determined future for the children.
